INSURE BETTER DUCK HUNTING FOR NEXT FALL - -

Plant Legal Natural Foods Now.

The number of wild ducks that you can have at your favorite shooting place will be governed by the natural foods that grow there.

Whether the Wild Ducks will stay over the entire season depends upon that food supply. Will it last throughout the season? If not, plant more now and have more growing next fall.

Did you ever try to drive a group of sparrows away from a good meal and watch them fly to the wires or a near-by building and await till all was quiet before they return to continue their meal.

It's the same with Wild Ducks. Drive them out of a good feeding place and they will slyly work their way back in pairs and trios for more.

Also Improve Fishing.

Many of the same plants that are the best wild duck coaxers have equal value as food and cover plants for Game Fish. The fish life is dependent upon plant life for its existence.

Plant Now.

One planting will make a permanent growth. We will furnish complete planting instructions which simplify the work and insures good results. Make your selection from the following page and mail it now, take advantage of the liberal discount offer.
